Around the Square

Normally we take unusual questions over the telephone right in stride. We more or less expect to be asked such questions as (A) "Are the grunions running at Huntington Beach?" or (B) "What is the elevation of Chickasha, Oklahoma?" But this one stopped us dead in our tracks:

"How much would it cost to install a desk or table phone in place of a wall instrument?" We hastily directed our inquisitor to the telephone company.

Mark Dailey, 162 E. Alegria, must not have wanted to offend anyone on the Bella Vista Court zoning variance question. At any rate, his signature appears on two opposing petitions, one for and the other against the variance. Well, no one can say he's not a good sport. It was understood that the city planners, after some deliberation, struck Mr. Dailey's name from both papers.

The Sun's absence and the "moisture" forced a shut-down of the Canyon Pool for parts of two days last week. But things were back to normal again Sunday, and approximately 150 Sierra Madreans went for dips.

Remember, folks, that fireworks of virtually all types are strictly illegal. If you obey the law, Johnny still will be able to count eight fingers and two thumbs on his hands by Saturday morning.

We recommend, as alternate entertainment, that you attend any of the several fireworks shows being offered in the area. That way, besides seeing an accompanying show or circus, you can have your fireworks at safe range.

Cornyn Sees No Violation Of Variance

City Attorney T. Guy Cornyn said yesterday that he can see no violation in Dr. Milton Valois' use of his zoning variance.

"In my opinion," the city attorney stated, "there is no violation of the law."

His view was shared, more or less, by Chief of Police Gordon G. McMillan.

The two officials had been "informally" told at last week's council meeting that a violation might exist, since Dr. Valois was reported to have a "for rent" sign posted for the living quarters at the rear of his dental office, 460 W. Sierra Madre boulevard.

The sign was down Thursday. Mr. Cornyn said that there was quite a little leeway in the phrasing of the Planning Commission's variance, and that Dr. Valois may be going to the full extent of the variance, which is his privilege, but without a rental unit on the property, no violation exists.

BUILDING ACTIVITY:

Lees Reports 'Good Month'

June was another heavy building month for Sierra Madre with permits to build issued by the City Hall totalling \$108,150. Although this was \$26,015 less than the total for May, \$134,165, the figure was more than three times as big as the one for June of 1951.

Sierra Madre's building total for the first six months of 1952 is \$623,871.

William Lees, city building inspector, reported that permits of more than \$500 were issued as follows:

L. B. Parks, to add a front porch at 449 W. Orange Grove, permit for \$1000; C. E. Bigelow, to erect a house and garage at 1980 Vista avenue, permit for \$24,000; G. R. O'Kane, to build a swimming pool at 1555 Vista avenue, permit for \$1500; Frank R. Sprague, to build a house

HERE ARE some of the children doing craft work as a part of the summer playground activities at City School. The craft classes are conducted mornings, 10 a.m. to noon, Monday through Friday, under the supervision of Mrs. Naomi Tisor, shown facing blackboard at the rear of the room. Afternoon events include both active and inactive play. The two boys sawing wood in right foreground are Anthony Leonardi-Cattolica and Douglas Peterson. Others in the picture include David Harfman, Eddie Lugo, Daniel Springate, Ronnie Morse, Sharon Lee Purcell, Janice Gay Avedesian, Patricia Chemotti, Richard Chemotti, Rost Marie Springate, Dolly Foster, August Chemotti, Michael Nickerson, Greg Avedesian, Mary Ann Morse, Diane Toms, Larry Morse, Mary Leonardi-Cattolica, Frankie Purcell, Cathy Reece, Richard Lugo, Dennis Harfman, Martha Cabrera, George Cabrera, Robert Monterrey, Lilly Kayo, Beatrice Cabrea, and Johnny Castaneda.

Planners Hear Fiery Outburst

A fiery outburst by Victor Malley, owner of Bella Vista Terrace, marked Thursday's meeting of the Planning Commission.

Mr. Malley's application for a zoning variance to build an additional dwelling and garage on one of his three lots was rejected by the planners. His most heated remarks came a few minutes following the commission's vote—after Mr. Malley had left the Council Chambers and then returned.

He said, in effect, that since his variance was denied he would proceed to build as many houses as he could on his adjoining R-3 lot. The parcel of land now contains seven units and a part of an eighth. Mr. Malley said he understood he could have as many as 13 units there.

In moving that the variance request be turned down, Planner Robert Ainsworth stated that the building and zoning ordinances should be obeyed, and that everyone thinks that his particular case is the exception to the rule.

Finishes Course At Ft. Leonard Wood

Pvt. Ralph Leffler was home on leave after graduating from an Army Air Force Engineering course on structural steel at Fort Leonard Wood, Missouri. He is the son of Mr. and Mrs. Ed Leffler of 292 W. Carter.

CLASS STARTS WEDNESDAY FOR BOXERS, 'GROANERS'

Instruction in boxing, wrestling, and tumbling is ready to start next week as another phase of the city's summer recreation program.

Philip Mitchell, recreation director, announced that boys and youths, ranging in ages from 10 to 20, are invited to join the classes.

The first session has been called for next Wednesday, July 9, 7:45 p.m. at the Parkhouse.

Instructor will be William F. Smith, a Stanford University graduate and a teacher in the Temple City School System.

Ruth E. Malone Joins NEWS Staff

Mrs. Ruth E. Malone, 258 E. Sierra Madre boulevard, joined the editorial staff of the NEWS this week, as the new society writer.

Mrs. Malone takes over the duties formerly performed by Mrs. Jonella Nack. The Nacks left last Friday for Albuquerque, N. M., where her husband, Kenneth, a talented artist, will be teaching this summer at the New Mexico Art League.

Mr. Nack was an art instructor at Pasadena City College during the last school year.

PSST! THEY OUTNUMBER YOU, MEN

You'd better watch out, men. The women in Sierra Madre have you outnumbered 4123 to 3646—a substantial difference of 477.

This fact was revealed following Sierra Madre's recent special US census.

Roy V. Peel, director of census for the US Department of Commerce, certified to city officials that the town's population—as of May 20—was 7769.

The non-white population totaled 81—45 of which were males, 36 were females.

FIREMEN AWAIT ANNUAL 'STAY-AT-HOME' PICNIC

Sierra Madre's volunteer firemen will assemble at the Wistaria Vine Gardens, 201 W. Carter, for their annual Fourth of July picnic Friday.

Fire Chief James C. Heasley said the event will get under way "at about 8 a.m. and continue all day."

He explained that the picnic is held each year "to keep the boys at home" on July 4th, an important and, sometimes in the past "a combustible" holiday.

The fire department's trucks and equipment usually are taken to the picnic site so they will be handy in case of an alarm. The firemen, although able to enjoy the day with their families, actually are "on duty."

Arrangements for the picnic are being completed by Gene Toms and his committee. All firemen, their wives and children are invited, Chief Heasley said.

It Still Costs \$300 to Let Dog Run Free

The price hasn't changed any. Police Chief Gordon G. McMillan reminded residents this week that the penalty for letting their dogs run at large still is a \$300 fine or three months in jail, or both.

He announced that there have been "several" prosecutions of dog owners.

But the chief remarked that although Rover's roving was halted abruptly when the rigid enforcement was first announced in May, a few of the dogs are now reappearing on the streets.

"We definitely are not lessening our enforcement efforts," he warned.

The intensified campaign was started here as a way of combatting the county-wide animal problem.

State Suggests How To Develop City Park

Col. Gildart Now Associate CD Director

Col. Charles R. Gildart, 531 Elm, has been appointed associate director of Sierra Madre's Civil Defense Council.

His appointment, by Mayor Henry F. Korsmeier, came at Monday night's meeting of the CD organization.

The group plans to meet later this month for the purpose of registering and issuing identification cards to civilian defense volunteers.

Mayor Korsmeier urged the Sierra Madre CD workers to contact Walter Goodwin, 409 W. Grandview, and enroll in Red Cross first aid classes either for the summer or fall.

RECREATION COMMISSION ASKS BLUEPRINT COSTS

The State of California Recreation Commission has offered its recommendations on how best to develop City Park.

Members of the Sierra Madre Recreation Commission met last week with Ferdinand Bahr, a recreation specialist for the state, and discussed for some two hours the suggestions of his department.

Local commissioners are now obtaining estimates from landscape architects on how much it would cost to put the recommendations in "blueprint" form.

It was back in April that the Sierra Madre group sent blueprints of the park to the state and asked how to develop it more fully. Actual recommendations of the state have not been announced as yet, but it is understood they may include a wading pool and even a putting green.

Meanwhile the NEWS learned this week that the commission's proposed development of Bailey Canyon into a camping and picnic grounds is "dying a natural death."

The project had been a "hot potato" for several months, with much opposition being voiced because of alleged fire and flood hazards. The final blow was reported to have fallen when the commissioners learned that Bailey Canyon is owned by the Los Angeles County Flood Control District, which body usually frowns on clearing out natural watershed areas.

Summer Session Starts July 7

The summer session at City School will begin Monday, July 7. Superintendent Charles A. Skutt reminded parents today.

Classes, 8:30 to 12:30 a.m. Monday through Friday, will continue until Friday, Aug. 8.

Mr. Skutt said regular elementary curriculum will be offered during the session. Miss Claire Newman, one of the regular staff members of the school, will be teaching the primary level, grades 1, 2, and 3. Mrs. Florence Goodwin will teach the 4th, 5th, and 6th grade children.

MORE WATER PRESSURE DUE FOR PARTS OF CITY

A program to increase water pressures to homes of the southwest portions of Sierra Madre will be undertaken by the city within the next few days.

Water Superintendent Al Freeland said the increased pressures—approximately 40 pounds to most homes—will be for the area south of Sierra Madre boulevard and west of Lima.

The operation will be accomplished by switching this area over to the Grove street reservoir. At present it is being served by the Miramonte reservoir.

City Administrator R. Merritt Baker said the project would result in a safer water pressure for household and fire purposes throughout this portion of Sierra Madre.

Although the original 1951-52 estimate was \$26,947, the total actually received for the year was \$37,874.67.

This additional sum was made possible as a result of Sierra Madre's recently-completed special US census, which placed this city's population at 7769.

City Administrator R. Merritt Baker said this money can be used for such items as police department salaries, the protection of highways and streets, and for street lighting.

L. Marie Warfel, Sierra Madre's city clerk, also received recently a check for \$9,168.61 from the county's "aid-to-cities" gas tax. This money can be used for the improvement of certain city streets, in agreement with the county.

Recreation Body Elects John Woods

John M. Woods, 102 E. Miramonte, was elected last week as Sierra Madre's new Recreation Commission chairman. He succeeds City Councilman Charles James as commission chief.

While he just recently was appointed to the local body, Mr. Woods has had a wide background in municipal recreation. For two years he served as paid playground director for the Los Angeles City Recreation Commission, and was a member of the Long Beach Recreation Commission for three years.

In Sierra Madre, Mr. Woods has been active in scouting, St. Rita's Church work, and has been a representative on the Community Coordinating Council. He currently is vice-chairman of the Sierra Madre Boy Scout District Committee and also is an adult leader on the Troop 2 committee.

A former track man at the University of Southern California, Mr. Woods specialized in the 440- and 880-yard events. He is a life-pass Trojan letterman.

Following his graduation in 1925, Mr. Woods served four years as assistant director of the SC Alumni Office. During that time he helped form numerous Trojan (Alumni) Clubs in the Southland. He was president of the Long Beach Trojan Club for four years.

Board to Get Don Benito School Plans

Blueprints for the proposed Don Benito School in the Upper Hastings Ranch are expected to go before the Pasadena Board of Education either on Monday, July 7, or Tuesday, July 15.

The plans, with just minor corrections and recommendations, were cleared by the State Division of School Architecture this week.

Opposition to the plans still is forecast from some 30 property owners in the tract who object to a 5- to 9-foot retaining wall with a 12-foot chain link topping fence proposed for the south end of the school site. The wall and fence reportedly would come to within six feet of three neighbors' property lines, and they are leading the fight to have the fence moved back.

Red Cross Swim Campaign Slated

The schedule for Sierra Madre's annual "Swim Campaign" was announced this week by local Red Cross officials.

The ARC-sponsored swimming classes will start Aug. 5 and continue through Sept. 12 at the Canyon Pool. Two identical three-week sessions are planned, according to Mrs. Florence Peterson, executive secretary.

Instruction will be offered free anyone from "6 years of age and up," and is geared for all degrees of swimming proficiency—from "non-swimmer" through senior life saving. Red Cross certificates will be awarded qualified students at the end of the summer.

Mrs. Audrey Smith, who has just returned from an aquatics course in Prescott, Arizona, has been signed up again as swimming instructor. A life guard

will be on duty at all times during the course, Mrs. Peterson said.

The classes will run from 9 a.m. to 12 noon, Tuesday through Friday.

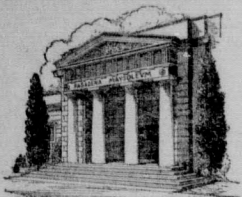

To register, Sierra Madreans should be at the pool on the opening days of both sessions. Additional information may be obtained from Mrs. Peterson at the ARC Chapter House, 41 S. Baldwin avenue.

MRS. WILLIAM B. WILCOX, left, is presented corsage during her installation as president of the Sierra Madre Civic Club Thursday night. At right is the outgoing president, Mrs. J. Bryce Tyler. The installation ceremony was conducted at the home of Mrs. Alyc Herold, 590 Auburn.

Her Neighbors
Are Real
'Neighborly'

Mrs. Albert J. Paus, 282 San Gabriel Court, thinks her next-door neighbors are about the most "neighborly" in the world.

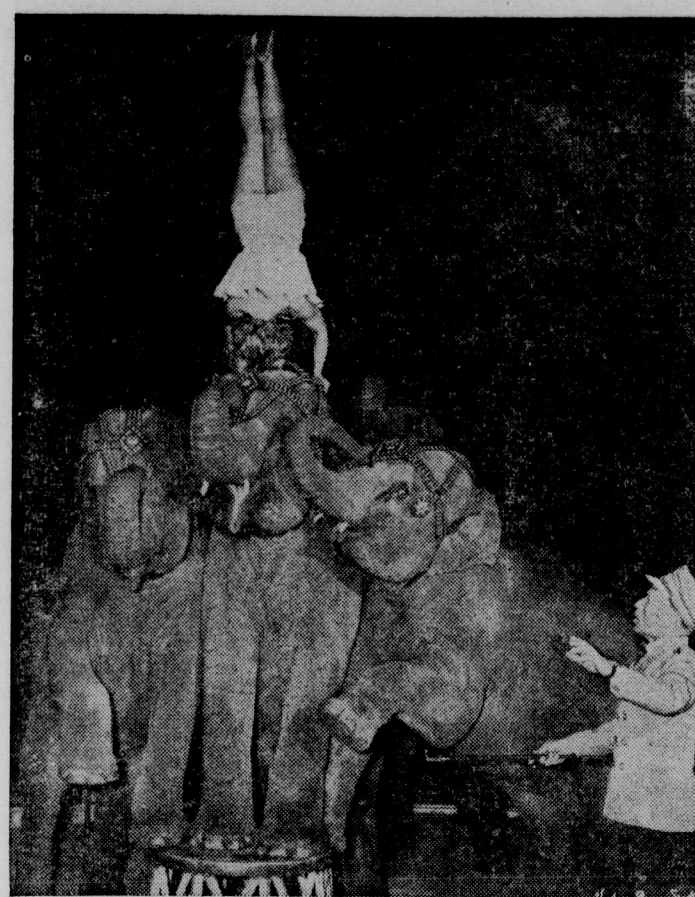

She called attention this week to "unusual events" which helped her form this opinion.

Mr. and Mrs. Paus recently ordered some fencing and posts. There was some delay in the delivery and when they did come the Paus' were away. Her neighbor on one side, Mrs. Theodore Proctor, 280 San Gabriel Court, accepted delivery and paid the COD tab of nearly \$50.

Another time, Mrs. Paus went downtown to pick up a rug she had ordered. She met a representative of the firm who said he had just delivered the rug. He commented on "what unusually fine neighbors you have."

It was another case of a neighbor accepting delivery and paying the COD bill. This time the neighbor was Mrs. Lucy Marquardt, 290 San Gabriel Court. The COD amount was \$7.90.

Mrs. Paus says these and "a lot of little things" done by her neighbors convinced her that they are about as nice as they come.

British Home Gets Variance For Kitchen

The Planning Commission approved last week the variance asked by the British Old People's Home at 647 Manzanita.

Officials of the home plan to construct a new kitchen and dining room facilities. The new unit will make possible the building of new bedrooms where the present kitchen stands.

The home hopes to have facilities available for 50 people—the number eventually expected there.

GIBBS TO TEACH AT CHURCH CAMP

Rev. and Mrs. Roy Gibbs of the First Baptist Church of Sierra Madre will leave on Saturday for Cedar Crest Camp, where 250 youngsters from 9 to 12 years old will vacation.

Mr. Gibbs will teach and counsel, and Mrs. Gibbs will serve as camp nurse for the institution, which represents the General Baptist Conference of Southern California. In the absence of the pastor, the pulpit will be filled by the Rev. W. F. MacNeil and the Rev. Richard Chaney.

AND TIME ALSO IS MONEY

Time being money, it is surprising that so many car owners still have the "five gallons of gas" habit, points out the National Automobile Club. That means twice as many stops at the filling station and each takes time.

PASADENA SAVINGS, LOAN ASSOCIATION DECLARES DIVIDEND

Pasadena Savings and Loan Association has announced its 106th consecutive semi-annual earnings payment to savings account holders. This dividend continues the association's unbroken record of earnings payments at a rate never less than 3 per cent since its founding in 1899.

President John Launs announced that total resources of the association increased more than 30 per cent during the past year—from \$22,650,374 to \$29,500,000. Capital surplus, reserves, and undivided profits increased from approximately \$2,225,000 to \$2,593,302.

FRIENDS WELCOME LESLIE SWANSONS TO CALIFORNIA

Sierra Madreans were busy welcoming the family of Mr. and Mrs. Leslie Swanson of Milwaukee, to California this week.

The Swansons, who arrived June 17 and are staying at the home of Mr. and Mrs. F. L. C. Roess at 83 W. Highland avenue, include son, Jerry, 21; daughter, Phillaine, 18, and son, Eugene, 6. Mr. Swanson is operating his own gas station at 301 E. Foothill boulevard, Arcadia. They wish to be quoted to the effect that they "are enjoying the California weather."

Their older son will remain with them until Sept. 1, when he will return to St. Louis, Mo., to resume his studies at Concordia Theological Seminary, where he is preparing for the Lutheran ministry.

Local Artists' Work Included In Exhibition

Three Sierra Madre artists were selected to have their work included in the 1952 Annual Exhibition of Artists of Los Angeles and vicinity, which opened Saturday, June 28, at the Los Angeles County Museum in Exposition Park.

The local artists are Robert P. Jenkins, 332½ Sturtevant Drive; David Simpson, 851 Woodland Drive; and John Stanley, 284 Vista Circle Drive.

Their works were chosen from 1794 items submitted by 849 artists. The exhibition includes 290 items representing 243 artists. It will be open to the public through Aug. 10.

TEACHERS GO ON SUMMER TRIP TO EUROPE

Miss Mary Beth Johnson, 642 N. Auburn, and Miss Dorothy J. Smith, 198 N. Lima, left by plane for New York last week on the first lap of their summer journey to Europe.

The two Sierra Madreans—both elementary school teachers—met a group from UCLA in New York and were to fly together to Paris. Their itinerary includes visits in Germany, Switzerland, and the Scandinavian countries. They also plan to enroll in summer classes in England.

Last year Misses Johnson and Smith visited the Hawaiian Islands, taking their summer training at the University of Hawaii. Miss Johnson teaches in Monrovia; Miss Smith in Downey.

Mrs. Wright Reports 'Mysterious Visitor'

Mrs. M. R. de Wright, chairman of the Planning Commission, complained to police last week that a little girl, about 10, has "the habit" of coming to her house and wandering around the yard for no apparent reason.

Mrs. Wright, 540 W. Alegria, said the youngster (1) refused to give her name or address, and (2) declined to give a reason for being there. She said it has happened before.

The girl was described as having blonde hair done in pig-tails, and wearing a yellow sweater. There has been nothing stolen or no property damage, Mrs. Wright said. Police stated that they would try to question the girl on her next "visit."

Former Resident Visits Mother Here

Mrs. Warren Johnson and daughter, Teddy, of Chicago, Ill., are guests this week of Mrs. Johnson's mother, Mrs. Tessa Knowles of 313 N. Mountain Trail. Mr. Johnson is a pilot of the TWA Air Lines, and Mrs. Johnson is a partner with Mrs. Oleta De Campe, in the Fashion Future Shop.

Book Jacket Quotes Miss Stradley

Isabel Stradley's book reviews are now being quoted on the jackets of some of the current books.

"The Splint Road," by May Sallinger, just published by Putnam, quotes one of her reviews of Miss Mallinger's earlier novel, "Cloak of Laughter."

Miss Stradley, assistant librarian of the Sierra Madre Public Library, frequently writes critical reviews for the NEWS.

Museum Offers Canada Movies

Three movies on Canada are the documentary film menu Saturday afternoon, July 5, at Los Angeles County Museum in Exposition Park.

The films are "Ticket to Jasper," "This is Nova Scotia," and "Iceland on the Prairies." The latter movie shows how the Icelandic communities in western Canada still preserve their traditional legends, cookery, and festivals. Showings are slated at 1 and 2:30 p.m.

An Editorial:

MEMO TO CITY COUNCIL: THIS YEAR IS 1952 . . .

This is 1952.

One or two of the city councilmen seem to lose sight of that fact whenever the question of better working conditions for the Police Department pops up.

And it will be "popping up" more and more now until some constructive action is taken.

At last week's council meeting, the two city fathers in question related, almost nostalgically, how many hours they had to work and how low the wages were in the "old days."

Those points are completely irrelevant today. Their only value in 1952 is to the historian.

The question before the council should be this: what are other police departments in this area offering their men TODAY? What was the rule 10 or 20 years ago in some unrelated vocation or profession has no bearing on the case at hand.

A survey compiled by the El Monte Police Department shows that 23 of the 40 Los Angeles County cities reporting had 40-hour weeks; one had a 42-hour week; three had 44-hour weeks; one had a 45-hour week; 11 had 48-hour weeks; and just one—Sierra Madre—had a 54-hour week.

These departments, we've been told, all assume their men are "on duty" during meal times.

It is these facts—plus, of course the amount of city money available—that the councilmen should consider in discussing a 48-hour week for the Police Department.

Letter to the Editor

Editor, Sierra Madre News:

Again thank you for faithful reporting of parking discussions. At June 10 Council meeting, Councilman Kinney said, in effect:

"I believe that if you (Miss Dunning) will suggest names for additional members of the Parking Committee that Mayor Korsemeier will consider them favorably for submission to the Council."

Councilman Kinney repeated his suggestion, and it was the impression of others present, besides Councilman Kinney and myself, that Mayor Korsemeier concurred.

The safety of the streets concerns us all, and downtown parking space concerns every shopper who drives and every downtown merchant.

Believing in the city beautiful,

NEWLYWEDS WILL MAKE HOME IN SIERRA MADRE

On her 21st birthday Miss Alice Lee Berdahl, daughter of Mr. and Mrs. John Berdahl of Altadena, was joined in marriage to William Roberts Granewich, son of Mrs. F. W. Granewich of Pasadena and the late Mr. Granewich. The double ring ceremony was performed by Dr. S. G. H. Stevens in St. James Methodist Church, Pasadena, at 8 p.m. A reception at the home of the bride's sister and brother-in-law, Mr. and Mrs. Peter Martin of Pasadena, followed.

Given in marriage by her father, the bride was gown in white nylon trimmed with tulle and lace, and wore a pearl-outlined headpiece from which fell a fingertip length veil. Her jewels were a string of pearls, gift of the bridegroom, and she carried orchids and white rosebuds. Her wedding band was fashioned from that of the bridegroom's maternal grandmother.

Miss Nancy Granewich, who was maid of honor, wore a gown of powder blue net, and a blue net cap trimmed with rosettes. Miss Cynthia Lee Martin, the bride's two-year-old niece, served as flower girl, wearing a powder blue organza pinafore and carrying a basket of pink flowers. John E. Berdahl, the bride's three-and-a-half-year-old nephew, was ring bearer.

bearer.

Edward T. McManus of Pasadena was best man, and the ushers included C. M. Berdahl of Sierra Madre, brother of the bride, and Vaughan Curtis.

Following a wedding trip to Northern California, the bridal couple will make their new home at 130 W. Highland, Sierra Madre.

Mrs. Granewich was graduated from Pasadena City College and attended the Huntington Hospital School of Nursing. The bridegroom, a graduate of USC, served as a Navy pilot.

BYRON HOPPERS TRAVEL EAST ON VACATION

Local jeweler Byron Hopper, with Mrs. Hopper and their son, David, left Monday for a trip east, during which they will combine business with a visit to Mrs. Hopper's family—a sister who lives in Oklahoma City, a brother, who is president of the bank in Okmulgee, and her parents, who have moved recently from Phoenix, Ariz., to Pryor, Okla.

They will spend the Fourth of July in Tulsa, and return to Sierra Madre in the middle of next week.

Fishing Good In Sierra Madre

Unbeknown to many fishing enthusiasts, fishing in Sierra Madre, is unusually good. The biggest catch to date has been in a little spring on North Baldwin.

The spring is about 5 inches high, was removed from a sofa by The Drapery Shop at 31 N. Baldwin (Sierra Madre's finest), and in it was found jewelry of considerable value to the owner. Upholsterer V. K. claims that when he strips a piece of furniture to the bare frame for reupholstering he is apt to fish out anything from letters and mittens to a litter of kittens. As yet he has not fished out the latter.

As some of you have guessed, the idea behind this article is that whatever the condition of your upholstery, The Drapery Shop, will bring the best out of it. The phone please CU. 5-1255. It's an ad.

MRS. PHILIP R. EUBANKS—A wedding trip to Canada followed the marriage on June 27 of the former Miss Lillias Joan Dowding, daughter of Mr. and Mrs. Herbert S. Dowding of 514 Ramona, Sierra Madre, to Philip R. Eubanks, son of Mr. and Mrs. Floyd G. Eubanks of 2928 La Tierra street, Pasadena. Solemnized in the First Presbyterian Church of Monrovia before 200 guests, the double ring ceremony was followed by a reception in the social hall. The bridal couple will return from Canada by way of Banff, Lake Louise, Glacier National Park, Lake Tahoe and the Yosemite National Park. They will live in Pasadena. Maryland Studio Photo

Meyer to Wed San Gabriel Girl Saturday

The marriage of Miss Joyce Ann Kimball, daughter of Mr. and Mrs. Chester Kimball of 3716 N. New avenue, Wilmar, San Gabriel, to Donald Evans Meyer, son of Mrs. Lirio Meyer of South Pasadena, formerly of Sierra Madre, and Donald Meyer of Los Angeles, will be celebrated Saturday at two o'clock in the Pasadena Chapel of Roses. The Rev. Carl Smith, pastor of the First Congregational Church of Sierra Madre, will officiate at the ceremony.

The bride will be given in marriage by her uncle, Herbert E. Jones, in the absence of her father, who is in Alaska.

She has chosen a ballerina-length gown of white lace over taffeta with which she will wear a close-fitting cap with a chapel-length veil of illusion. Her bridal bouquet will be formed of orchids, white roses and lilies of the valley.

Miss Molly Morobito, the maid of honor and only attendant to the bride, will be gowned in an aqua model, ballerina length, and carry a bouquet of pink roses.

George Tyree of Sierra Madre will sing "Because," "I Love You Truly" and "O Promise Me" before the ceremony.

The bridegroom, who is a member of the U. S. Air Force, lived at 177 Adams street before entering the armed services. He attended Pasadena City College, where he was a member of the Bulldog band.

The bride attended Mark Keppel High School. A reception in the social rooms of the Chapel of Roses will follow the ceremony.

First Baptist Bible Scholars Get Honors

Graduation exercises for the Daily Vacation Bible School of the First Baptist Church were held Friday evening in the church rooms at South Baldwin avenue.

Members of the first classes ever held in the local Baptist Church sang hymns, recited Bible verses and exhibited their handwork to relatives, members and friends of the church who filled the structure to capacity. Each child who attended the two-week session received a certificate and a small gift from the teacher of this class.

That telephone number we know so well may escape us now and then just when we are ready to turn the dial, or tell the operator. The memory plays strange tricks sometimes.

It's a good plan, therefore, to make a special list of the numbers we call most often—and keep it handy for quick reference. Telephone calls go through quickly these days and even the little delay caused by number fumbling is irritating. For fast, smooth telephoning be sure you know the number you want before calling.

Your electric service--- a "miracle" in the American way!

When the first central electric generating plant began operating in this country, its customers paid twenty-five cents per kilowatt hour for the electricity it produced. If the price were the same today, your household electric bill would be something like \$410.00 a year.* But the electric industry has built many millions of dollars worth of facilities, developed new ways for electricity to make your living better—and reduced your cost to a mere fraction of what it was. That's a miracle of accomplishment—probably the best example of what can be achieved by private enterprise at work.

*The average annual consumption of electricity per domestic meter in Edison territory is approximately 1640 kilowatt hours.

FIRE FLAMES

The next big event in the lives of local fire fighters is the annual Fourth of July picnic. This originated in the days when firemen realized the danger of fireworks on that day and its immediate connection with starting fires.

Knowing this and knowing also that firemen may leave the city to celebrate the holiday, was reason enough to adopt some sort of plan to amuse and keep the boys in town. Although much of the danger of fireworks has been eliminated by the cooperation of local merchants in refusing to sell the stuff, we still must endure the anxiety of the little that enters the city through other sources.

It is hard to understand why organizations will sponsor the sale of fireworks to youngsters. Through the many years, there always has been much disaster and death due to accidents from fireworks. In the opinion of most fire fighters and fire chiefs, fireworks are a wonderful display, but not for the use of youngsters. We are too near the brush area to consider having firecrackers and other such dangerous materials permitted. It is sincerely urged of parents to forbid their use.

Remember, we told you so, and when a finger is blown off,

or an eye shot out, it is too late, even though a fire has not been started. Such prognostications are horrible to the thoughts, but these things happen somewhere every year.

The committee on arrangements have been named and already are at work. Funds are provided from the "Cuss Can" and come from fines collected during the year. There will be everything desired at a picnic, eats, drinks, games, fights, gossip, chewing gum, candy, etc. etc.

To those who have noticed the high and dry growth that now exists on many vacant lots, we ask that they aid us in protecting them from fire. It will take some time for the city to eliminate these after having given the owners the length of time necessary. Some of these lots are ready NOW to "take off." Those who have been permitted to burn piles of weeds have done a fine job by selecting the right time and using the proper precaution.

NEVER leave a spot where burning has been done until all of it has been turned over and wet down real well. These piles have been known to contain enough fire to break into blaze many hours later. Keep the FIRES OUT.

Lunch Subsidy Okayed Again By Trustees

City School trustees have voted for the school to participate again next year in the national school lunch program.

"This program enables us to just break even on our 25-cent cafeteria lunches," explained Charles A. Skutt, school superintendent.

Under terms of the program, school lunch subsidies are made available from both the state and national levels.

Mr. Skutt said the local elementary school is filing for an additional subsidy to eliminate a deficit of approximately \$400 that resulted in the last two months of the spring semester.

MEETING
YOUR NEIGHBORS
IN
*Hastings
Ranch*

KAY GATES—Custer 5-2183

This week the ranch bustled with activity of all kinds.

First, we add to our roll of "Good Neighbors" Mrs. Arthur B. Darby who welcomed a new neighbor and at the same time bade farewell to an old one when she gave a "Hello and Goodbye Party" in her home on Hastings Ranch Drive for Mrs. Fred Walker, who we are sorry to hear is moving from our ranch, and Mrs. Allen Werbelow, the new owner of the Walker's home on Canfield Road. Those who enjoyed the morning get-together were: Mmes. Emil Barlow, William Hogaboom, J. J. Jenkins, Charles Erickson, Don Wilson, and Arnold Kilham.

Many of us in the ranch were stunned this week by the news of an auto accident near Denver, Colo., experienced by one of our prominent families here, the Alton Petersons of Canfield Road. (See story on page 8.) Our best wishes to all of them in the weeks ahead as they have all had their share of trouble and worries. Incidentally, there has been one bright spot in the Petersons' days in Denver, though,—their surprise meeting with very close friends who are vacationing there—the Robert Floyds of Pasadena, members of the same church, here, and our own C. K. Smiths of Greenhill Road. (An extremely odd coincidence since a year ago the Smiths and Petersons met accidentally on the streets of Santa Cruz while vacationing there at the same time.) Both families have been of tremendous assistance and comfort to the Petersons at a time when friends can mean so much.

Another accident, too, though we're sorry it's a little late: Mrs. J. E. Rosenlind of Hampton Road recently had the misfortune of falling in her garden and fracturing her shoulder. We are happy to hear she is getting along nicely amid all the taping. Seems we aren't even safe in our own yard.

Ranch visitors—Mrs. William T. Snebold's mother, Mrs. J. Virgil Clower, from Ft. Worth, Texas, visiting on Newhaven Road, until the end of August and loving her four only grandchildren every minute; and the Stanley Whitworth Seniors from Palm Springs recently visiting at the Juniors on Newhaven Road. (Incidentally, Barb returned to Palm Springs with her grandparents and spent a week in the desert sun.)

Vacationers—The Ed Murphys with Kay and Marylyn, back on Hampton Road, from four days at the Red Barn near Palm Springs, and the Frank Murphys, with Pat, Jean and Tim, home again on Hampton Road after four days at the Santa Barbara Biltmore. Both families sporting various degrees of sunburn and tan; the P. T. Watsons and daughter, Priscilla, home on Hampton Road from a weekend at 29 Palms; and the six ranch boys who departed Monday with the Sierra Madre Boy Scout Troop No. 1 for Cherry Valley on Catalina Island: Bobby Blumer, Billy Snebold, Tim Murphy, Norman Kramer, Douglas Millikan and Bernie Claus.

Social—a barbecue given by Carol Roberts in her home on Fairmeade Road for friends in her graduating class at Occidental College; and birthday celebrations in the Stanley Whitworth family on Newhaven Road for 7-year-old Dickie;—a trip, Wednesday, for the youngsters to Doye O'Dell's Kiddieland in Los Angeles where Dickie, Dennis Stiff, Jimmie Sabin and Roger Pancoska spent a hilarious afternoon, and a birthday luncheon, Thursday, for other friends: Jock and Peggy McGraw, Susan and Stevie Horne, Leslie Veale and Freddie Hassler.

Baptists Break
Ground for
Church Work

Ground-breaking ceremonies were held last Saturday, June 28, in the rear of the property of the First Baptist Church on South Baldwin avenue.

On this spot the local congregation plans an outdoor recreational area, to include a barbecue pit, badminton court, horse shoe court and a pulpit for out-of-door devotional services.

In addition to the work on the recreation area, church plans for the fall include the organization of a youth group, a women's fellowship, and a men's organization in the congregation.

Ranch Family
Members Hurt
As Auto Rolls

Three members of a vacationing Hastings Ranch family were injured this week when their car overturned on a highway approximately 100 miles from Denver, Colo.

Most seriously hurt in the accident was Mrs. Alton Peterson of Canfield Road, who suffered head and neck injuries and is reported to be still under treatment at a Denver hospital. Her husband and daughter, Nancy, both were treated for shock and bruises.

The ranch residents were enroute to Denver after having visited Boulder Dam, several parks, and Salt Lake City. Their auto rolled over twice on what was described as "a bad stretch" in the highway.

The Petersons had been taken first to a small hospital in a nearby community but, ironically, this hospital was filled to capacity with patients from two other cars that had overturned at the same place a few hours earlier. After first aid treatment, the Petersons were transported by ambulance to the Denver hospital, 115 miles away.
